Medcalf Acres Riverfront Campground

Dear Seasonal Camper,

Updated April 5, 2019

We'd like to take this time to **thank all of you for camping at Medcalf Acres Riverfront Campground**. It is with your help and your commitment to abide by our rules and regulations that make our campground one of the best campgrounds in the Adirondacks. We hope everyone is looking forward to a fantastic camping season! Check out our Website and Facebook to see all the new things we've added!

Enclosed with this letter you will find a copy of the **2019 Rules & Regulations**, which are yours to keep. Also enclosed are the 2019 Seasonal Camper Application, Rules & Regulations Acknowledgement, Storage Release of Liability, Swimming Facilities Rules, and Visitor's Acknowledgement of Risk that must be signed and returned to the campground store, (pages 19-23). It is important that you read and understand these items, so please take a moment to familiarize yourself with them. In order to confirm your site for the season, please complete and sign all forms in the application packet (pages 19-23) and return them to the campground store the first time you are back in the campground. Failure to return a signed copy of the rules and regulations signature pages for Medcalf Acres prior to entry into the Campground for the 2019 season, constitutes your admission and acceptance that you have reviewed and accept these rules and regulations, even though you may not have signed these documents. Do not enter the campground unless you understand these rules and regulations. *** **(SEND BACK 5 SIGNATURE PAGES ONLY!)** ***

If you can't follow the rules and regulations, then this is not the campground for you. If you do not follow these rules and regulations, you will be asked to immediately remove your RV from the campground and there will be no refund of your money. Safety & Security is of utmost importance!

Most of these rules are common sense things to help keep our campground safe and secure. It is with no intention to insult anyone with any of these items. If you have any concerns, please let us know right away. Basic common courtesy and respect for each other is needed throughout the campground.

We value the opinions and suggestions of every customer, so please call or text Karl at 518-605-9247 with problems or concerns. Or share a good experience you've had, because we love to hear good news. Since Karl is busy running two campgrounds you probably won't catch him by chance, so we ask that you call or text him with any issues as they arise. He is very good at returning calls.

Please do not hesitate to contact Karl with any questions, concerns, comments and complements. Please add his new number to your cell phone: 518-605-9247. You can call or text him at that number.

Thank you for camping with us! We hope you will enjoy the continued improvements and new activities in the campground.

Please abide by all the rules and regulations listed here and use good common sense for the safety and common courtesy of your fellow campers. These rules and regulations are to help everyone get along! Most importantly use good judgement and have FUN! Note: The name Medcalf Acres is used in this document and short for Medcalf Acres Riverfront Campground.

Rules & Regulations

Quiet Time is from 11pm to 9am. In keeping with the family environment, campers are asked to refrain from any loud behavior or disturbances during this period. **Children, age 17 and less, must be on their site and/or under direct adult supervision by 10 PM.**

Store hours 9am-9pm (hours may vary). Use the Walkie Talkie to call the Manager to open the store.

Playground, Volleyball, Horseshoes, Bicycle Riding & Basketball court: Children should be supervised by an adult 18 and older! No horseplay, and no bullying. **Hours 9am-dusk** or management discretion.

5 MPH Speed Limit / Vehicle Use: For everyone's safety, the speed limit in the campground is 5 MPH or less! This includes cars, bikes and golf carts. Anyone exceeding this speed limit will be asked to leave Medcalf Acres, as we need to protect the children, pets and all campers.

Backflow Restrictor for fresh water is a state law: On each water spicket on your site is a brass backflow restrictor. These must be on your connection. The connection should be: your water hose, then backflow restrictor, then our spicket. The backflow restrictor keeps impurities from backing up into the campground water supply. There is a **\$100 fine** to you if you do not have a backflow restrictor on your connection at all times. This is per the Health Department! No exceptions! We do not need the Health Department on our bad side. If anyone has any questions, please call Karl immediately. Thank You!

Campsite Accommodations: Campsites are designed to accommodate no more than one camping unit at a time. A campsite may have a maximum of 6 people staying overnight on their site unless authorized by Karl. All campers' vehicles must be parked on their designated campsite.

Management reserves to right to access your campsite for any reason what so ever at any time.

No parking your vehicles of any kind on an empty site without Karl's permission. Empty sites are to remain open at all times!

Picnic Tables: Do not swap out newer picnic tables for your old picnic table without Karl's permission. If you swap out an old table and we don't know about it, there will be a broken table floating around and someone may get hurt. If you would like a newer picnic table, please ask permission. If you have a bad table, let us know right away. We provide one picnic table per site.

If you would like to purchase a **brand-new picnic table so you have 2 tables**, they are \$250.

Never take anything off anyone's site without their permission. If someone permanently leaves their site do not enter their site to take things without Karl's permission. Some things may have been sold or given away.

Campfires: No unattended fires ever! No exceptions! We don't want the campground burning down. Fires in fire rings or fireplaces only. Don't take someone else's firewood without permission. No glass of any kind

Medcalf Acres Riverfront Campground

231 River Road, Schroon Lake, NY 12870 Call or Text Karl 518-605-9247 www.MedcalfAcres.com

should be put in the fire pit under any circumstances. Any kind of accelerant to start fires are also strictly prohibited (lighter fluid OK). Read rules on website about bringing firewood in.

No sparklers or fireworks! Never!

Fire Safety: For safety, make sure your fireplace is not too close to trees, under wires or on top of pipes and wires. If you are not sure, call Karl. All trailers and awnings have to be at least 10 feet away from your neighbors' trailer, awning, gazebo, shed, tent and any structure of any kind per NYS Health Dept rules.

Check In / Out: Seasonal Campers may check into the campground for the season any time after 10:00 AM on opening day. All Seasonal Campers must vacate the campground by 5:00 PM on Columbus Day. Most transients check in after 12 noon and check out before 11am. All other transient campers may check with Management as to our check-in/out policies as it changes depending on other campers staying at Medcalf Acres. We want you to get the most out of your stay!

Pets: There is a limit of 2 pets per campsite. If you have more than 2 pets, please call Karl. All pets must be kept on a leash (no longer than 10') and under the control of the pet owner at all times. **Please dispose of all pet droppings immediately in the proper trash container.** Please **do not** tie up pets at the site and leave them unattended. **Pets cannot be left inside your trailer unattended at any time.** Pets are not permitted in any public buildings. Failure to follow pet policies is grounds for removal of the campground!

Owners are responsible for the actions of their pets. **The management reserves the right to refuse aggressive pets. Seasonal Campers are responsible for their friends and family's pets.**

Pets that annoy other campers or are deemed a nuisance will be asked to leave the campground. Medcalf Acres shall be held harmless and assumes no liability, implied or otherwise, for animal bites or injury. You, as a pet owner, specifically agree to carry your own insurance and agree to indemnify Medcalf Acres to cover any injury or damage, which may occur. Seasonal Guests must always have a copy of the pets shot records (including proof of rabies vaccination) with them when staying at Medcalf Acres.

Pets at your site still must be on a leash if outside your trailer at any time. No exceptions! This applies at all times no matter how many people are in the campground. No refunds if you are asked to leave for not following rules.

Dogs must be on a leash and secured at all times. (A pet with a leash attached and running loose does not meet the leash rule. Secure your pets!) Break-away collars or leashes are not allowed. Secure, sturdy pens need to be approved by Karl. The camper taking a dog for a walk must be able to control the pet. In other words, don't send the children out alone with your dog. It's best practice to prevent accidents, bites and dog fights.

Improper Behavior: For the protection and benefit of all campers and guests, anyone who willfully or negligently destroys or defaces the property of another camper or Medcalf Acres property will be held liable for the full value of replacement cost and may be subject to being asked to leave the campground permanently.

No firearms and no weapons in the campground. No B.B. guns, air guns, paintball guns, bow and arrows or slingshots. No large knives. No sparklers or fireworks. Further, any individual who violates these guidelines, or by their actions or words disturbs the peace, creates conflict, or otherwise creates a situation not in keeping with the family environment, may be instructed to leave the campground with no refund!

Parental Responsibility: Please provide proper supervision for your children while in the campground. All children must be under direct adult supervision. Children 17 years and less must have adult supervision while

in the Campground and at the pool and the river. Parents will be held responsible for the actions of their children.

Alcohol Policy: In keeping with the family environment, excessive use of alcoholic beverages is not tolerated. Violators will be requested to leave Medcalf Acres with someone else driving them.

Guests: Campers may have guests (people not registered on your seasonal site) visit them. They're FREE to visit! Campers are responsible for the behavior of their guests. Do not cut through other campers' sites without permission! Guests are permitted to bring friendly pets into the campground with proof of rabies vaccination. This must be carried with them at all times. No exceptions! Aggressive pets will be asked to leave.

Campground Guests

While 95% of the time there is no charge for guests of seasonal campers to visit, and that policy remains, we are now requiring guests to sign in at the store, pick up a rules and regulations packet.

Family, Friends, and Visitor Policy: **Tents** are allowed on your RV site for minors, 17 years of age or younger, at no extra charge. **Kids are always FREE. \$10 per night for adults 18 and older.**

Visitors staying with a seasonal camper in a tent or **sleeping anyplace outside your RV, age 18 or older**, who are not part of the original family that signed up to be seasonal, **must pay the campground store \$10 per person / per night.** Please pay in advance. **There is no charge for family and friends staying in your RV while you are there** (maximum of 6 adults).

Subletting your RV (when you're not there) is permitted but must be approved by Karl (give him a call). If any work is completed by an outside contractor, the contractor must be a licensed contractor with an insurance binder. Proof of insurance along with the insurance binder must be provided to Karl before work can begin. Compliance with local zoning regulations and municipal permits are the responsibility of the camper and must be shown to Karl.

Using Medcalf's Stone and Dirt Piles is not part of your seasonal fee. No one is allowed to take anything off the stone piles or dirt piles unless they have Karl's permission. (Call him). Large quantities will need to be purchased by campers.

Sheds must be constructed no more than one per site, and no larger than 6x8. All sheds must receive approval from Karl prior to placement on your site. They must be kept in good repair.

Decks must be kept as low to ground as possible. All decks will require a sketch prior to building indicating material used, overall size of deck, size of sections, framing, name of customer, site number and date to be built. A removable 8x24 pressure treated platform is permitted for the ground outside of your RV; it must be in no larger than 4x8 sections. Decks may not be anchored in the ground; they must be sitting on floating blocks. All decks shall be constructed with treated lumber only (no plywood). If you do not have one of these, we will arrange for installation and charge you accordingly. Your sewer hose must be sloped downward from your trailer's septic connection to the campground sewer hookup to prevent any clogging or spillage on the ground. **If your sewer is working fine, no problem, leave it be!**

No Urinating in public - If we see, or it is reported to us that you were seen urinating behind a tree or vehicle or your camper you will be asked to leave the campground.
